

UNLOCK THE GENIUS IN YOUR PEOPLE

Unlock people performance analytics to improve team behaviors and establish a growth culture.

At iLearn our purpose is to empower people to empower others. We've partnered with GWork to do just that. The "G" helps you to define what "genius" work looks like and empower everyone to achieve it.

BUILD BETTER TEAMS

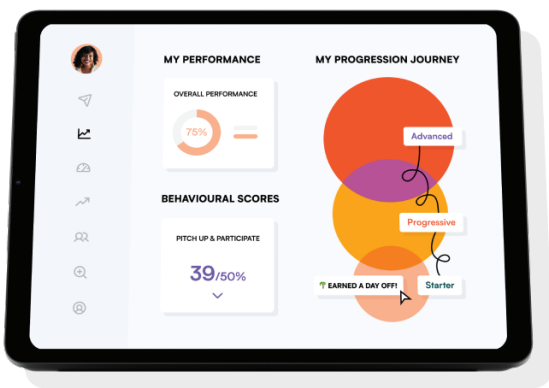

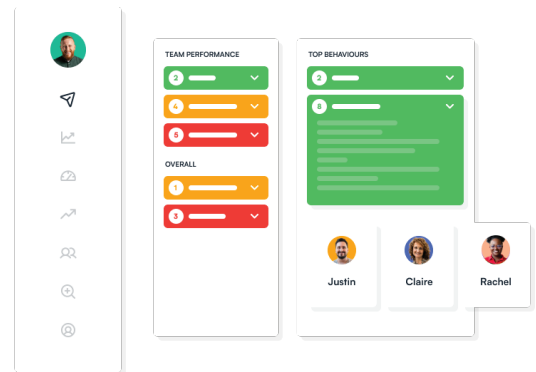

Your fully-loaded Performance, Culture and Growth engine.

GWork is a behavioural change platform that allows leaders to define what genius work looks like in their organisation, then measure and improve to drive constant organisational success.

UNDERSTAND

Understand Teams performance

Set and track performance scores to drive employee behaviour toward your business objectives.

INCENTIVISE

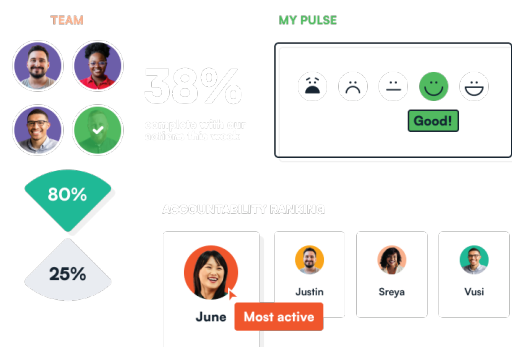

Use gamification to upskill employees effortlessly

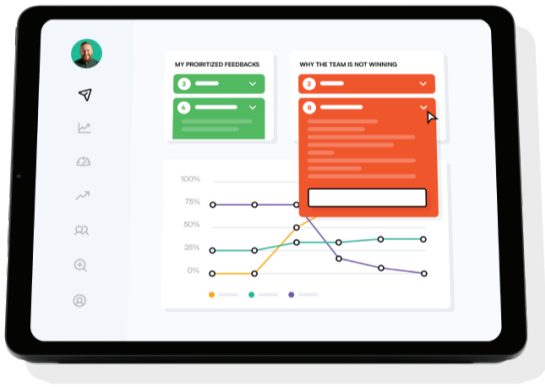

Use team feedback to uncover the most urgent skill-deficiencies and address them through automated learning recommendations.

PRIORITISE

Keep everyone accountable and engaged

Get on top of what your team is prioritising, through daily digital check-ins.

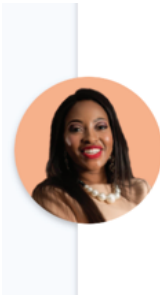

OPTIMISE

Stay ahead of operational inefficiencies

Get to know about operational inefficiencies before they affect your business..

GWork has been developed by experts in behavioural science, anthropology, game design, and organisational psychology.

Seamlessly **connect skills, culture and behaviours** to enable your organisation's goals.

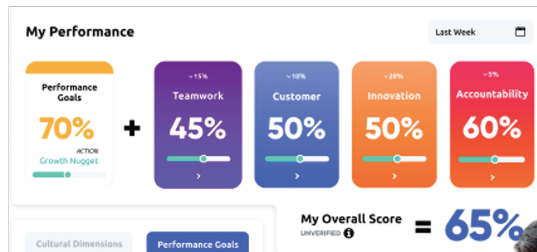

"GWork made it possible for our company to navigate these unprecedented times. The platform's intuitive abilities is perfect for any 21st century organisation. The deeply insightful platform made it easy to manage productivity and performance, maintain high employee engagement as well as develop a culture of ongoing constructive conversations."

Thato Mmaditla
HR Executive @ YES

Gwork was initially built as a consulting project inside ABSA in an effort to solve their customer experience issues. Over a period of 6 months the platform allowed the business to take their CX index from 30% to 93%.

Seamlessly **connect skills, culture and behaviours** to enable your organisation's goals.

- 1 Set** scores for metrics that matter to you most
- 2 Link** your scores to behavioural surveys, Performance Objectives and platform activities
- 3 Drive** Automated improvement through growth recommendations
